

Floating Floor Underlayments

Polyethylene Foam

- Our standard roll is a high quality, American made PE foam
- *Our Double-Laminated* Foam w/adhesive strip is the best in the industry with a moisture barrier laminated on both top and bottom.
- Available in 100sf installer-friendly rolls and 1200sf bulk rolls.
- Flexible construction helps to smooth minor irregularities of the sub-floor providing an ideal base for a floating hard floor.

Custom labeling available for all foam lines
